

'As any project, I think a challenge we face is recruiting more volunteers so that some of the ones who are faithfully dedicated to coming each week, can have a rest week.'

If you were to do the project again, what changes would you make?

We would extend the time by half an hour in order for more discussion time alongside the social time

Please include up to four photographs from your project that we can use, briefly describing the content of each photograph below.

1. Friday night youth meal
2. Friday night youth Games
3. Friday night youth bible Study
4. Friday night youth Table tennis

Any other comments?

Thank you for your support enabling our apprentice's work

What challenges did the project face? (Limited to ½ page max)

As a first big event organised by our Church, not knowing what to expect in terms of number of attendants, their interests and expectations, it was a great challenge for us. Our main challenge has been the clash with the Petertide Festival with the Bedford Park Festival, the event organized by our sister church of St Michael's and All Angels, Bedford Park. It is a very well established and respected Festival in Chiswick that it usually starts at the beginning of June and goes on for two weeks. Therefore, we could actually get more people involved in our Petertide Festival that was essentially overshadowed by the Bedford Park Festival.

Generally speaking we were pleased with the number of people of different ages, beliefs and religion that attended our events and had enjoyable time. However, we would probably look at organizing other events of the same kind during a different time of the year and try to avoid clashes with major bigger events in the area.

If you were to do the project again, what changes would you make? (Limited to ½ page max)

The festival had a relatively good result, but we will have to re-think many aspects of the project:

1. Time of the year
2. Children's concerts works much better than Classical Music Concerts
3. School Art Exhibition would probably be more attractive for young families with children
4. More stay and play or singing sessions for young children will be considered
5. Variety of International food and drinks to celebrate the diversity in our local community

Please include up to four photographs from your project that we can use, briefly describing the content of each photograph below.

1. Concert by St Peter's Church Choir directed by Tom Shorter, Director of Music at St Peter's
2. Arts and Craft session for young children
3. Story telling sessions in English, Spanish and Italian
4. Community Lunch attended by many people from our congregation and the local community

Any other comments? (Limited to ½ page max)

As a Catholic Anglican Church Plant, we wish to re-evangelise the parish of Acton Green in North Chiswick by building a strong worshipping community within the Anglo Catholic tradition and opening the church building so that it becomes the heart of the local community. There is no real focal point to the community in this part of Chiswick: though there is a local school and parade of shops, there are no pubs or restaurants or community centres, apart from St Peter's. We hope that the church can become a lively 'community centre' and bring people into the building and hopefully into faith. We realise that there is a genuine need for a place where people feel they are part of a community and not isolated individuals.

It is our hope that St Peter's can be a place for those seeking meaning and purpose in their lives, and where walking through the door would allow them into a place of pastoral care and the deepening of their spiritual lives, where nobody feels excluded and where all can be open to experience the love of God in Jesus Christ. Our vision then is to be an Anglo-Catholic Centre of worship rooted in the Eucharist as the source of belonging and believing: a community of communities and a center of spirituality and Christian learning.

Finally we deeply appreciate the support from the Ealing Mission Fund.

Ealing Deanery Mission Fund Evaluation Form

To be completed a.s.a.p and at the latest by the 30th April in the year following the grant

Parish(es) name	St Pauls St Stephens St Johns St Marys etc
Project name	Christians Against Poverty
Project contact name	Azniv Pambakian
Project contact address	St Pauls, Ridley Ave W13 9XW
Project contact telephone	0208 579 8882
Project contact email	aznivpambakian@capuk.org
Project website (if applicable)	N/A

Amount of grant awarded £ 2000						
How many people benefitted in the following age groups? <table style="width: 100%; border: none;"> <tr> <td style="width: 25%;">0-18</td> <td style="width: 25%;">18</td> <td style="width: 25%;">19-65</td> <td style="width: 25%;">30</td> <td style="width: 25%;">66+</td> <td style="width: 25%;">1</td> </tr> </table>	0-18	18	19-65	30	66+	1
0-18	18	19-65	30	66+	1	
Who were the people who benefitted e.g. ethnicity, socio-economic background? Mostly those on benefits or on minimum wages. (some zero hour contracts). Many different ethnicities were represented, including white British, Asian British, AfroCaribbean British and Eastern European						
How was the money spent? Please provide a numbered list of all expenditure on any single items over £25 (please retain receipts and number them to match your list). Some money was used for the monthly coffee mornings and Christmas lunch for 40 people. Some was used to enable the centre manager to maintain her role in offering emotional support to clients as well as helping them to become debt free.						
In what way(s) was your project successful? (Limited to ½ page max) We succeeded in keeping the centre open; in seeing 36 new clients during the year; in offering emotional support to those suffering from anxiety/stress/depression due to their financial situation; offering community/family for those who feel ashamed and lonely; offering coffee mornings/Christmas lunch/outings;taking care of all the paperwork involved for 6 clients who became debt free; dealing with creditors to relieve clients from that stress; referring clients to the CAP job club through which some found jobs; seeing a number of clients begin to attend church regularly.						
Please give a story that illustrates how your project fulfilled the criteria of the Mission Fund. (Limited to ½ page max) First met Colin (not real name) about 3 years ago. He faithfully followed our advice and eventually became debt free last year. Through no fault of his own he was evicted soon after, and the charity he was working in closed down due to lack of government funding. While sofa surfing with friends, he attended the CAP job club. He eventually got a job, which in turn meant he could afford to rent a small flat. He now works 3 cleaning jobs and had saved enough money to buy himself a small car last week. Most importantly though, he has become a Christian and now attends church regularly and is in a small mid-week group. He is a zealous ambassador for CAP.						
What challenges did the project face? (Limited to ½ page max) Finances are always an issue. The new benefit caps have created a deeper sense of hopelessness and despair as money can be stopped at the smallest infringement of the rules. Our challenge has been to persuade clients that						

we really can help and there is hope for them

If you were to do the project again, what changes would you make? (Limited to ½ page max)

Not sure that I would make any.

Please include up to four photographs from your project that we can use, briefly describing the content of each photograph below.

- 1.
- 2.
- 3.
- 4.

Ealing Deanery Mission Fund Evaluation Form

To be completed a.s.a.p and at the latest by the 30th April in the year following the grant

Parish(es) name	St Thomas the Apostle, Hanwell
Project name	Ealing Street Pastors
Project contact name	Katherine Thomas
Project contact address	Kingsdown Methodist Church, Kingsdown Avenue, London W13 9PR
Project contact telephone	07908 156927
Project contact email	ealing@streetpastors.org.uk
Project website (if applicable)	www.ealing.streetpastors.org.uk

Amount of grant awarded £ 2000						
How many people benefitted in the following age groups? <table style="width: 100%; border: none;"> <tr> <td style="width: 25%;">0-18</td> <td style="width: 25%;">87</td> <td style="width: 25%;">19-65</td> <td style="width: 25%;">520</td> <td style="width: 25%;">66+</td> <td style="width: 25%;">150</td> </tr> </table>	0-18	87	19-65	520	66+	150
0-18	87	19-65	520	66+	150	
Who were the people who benefitted e.g. ethnicity, socio-economic background? <p>We have been able to make contact with many people while out on patrol. The ethnic breakdown for the people we have engaged with (taken from our annual report): 48% white, 17% African/Caribbean, 15% Asian, 17.6% Eastern European. Whilst we have been out we have been in contact with people from a variety of backgrounds ranging from handing a girl a pair of flip flops because she has taken off her high heeled shoes to providing warmth in the form of a foil blanket to homeless and signing them to relevant organisations for help if possible.</p>						
How was the money spent? Please provide a numbered list of all expenditure on any single items over £25 (please retain receipts and number them to match your list). <ol style="list-style-type: none"> 1. Co ordinator Costs for the project for 2.5 months: 1878.75 2. Printing for Publicity (1) - £55 3. Printing for Publicity (2) - £30 4. Lollipops for patrols - £20.60 <p>The remaining £15.65 will be used for additional materials for patrols.</p>						
In what way(s) was your project successful? (Limited to ½ page max) <p>The project has been extremely successful over the past year. We have able to host a publicity drive for volunteers through which 2 new volunteers have trained and joined the team, enabling us to continue our weekly patrols. Our co ordinator has been able to visit many local churches in the area to promote our work and encourage members of the congregations to get involved in being God's hands and feet on the streets during the night time economy.</p>						
Please give a story that illustrates how your project fulfilled the criteria of the Mission Fund. (Limited to ½ page max) <p>As a result of receiving the grant we have been able to continue to build links within the community. We have been able to assist the some of the most vulnerable people during the night economy and in many cases share our faith with people. Here are some comments/stories from the people that we have engaged with over the past year:</p>						

'Just like to say thanks very much for the help of your pastors last night they walked me to a cab office and made sure I got there safe as I was a bit drunk after a xmas party thanks to them I got home safe '

In December the team met a lady who had been kicked out of where she was staying. It was late on a Friday night and she had nowhere to go. The Street Pastors gave her a contact card and the next morning she called our coordinator. We were able to get this lady in contact with Ealing Churches' Winter Night Shelter and miraculously a place was available for her the next night. Having somewhere safe and warm to sleep the lady is now getting her life back on track

What challenges did the project face? (Limited to ½ page max)

We rely mainly on volunteers to help us to continue with our patrols each week, we patrol the streets during the hours of 10pm and 4am and many have had a full days work patrolling. Sometimes it has been challenging to ensure we have enough volunteers for each weekly patrol.

If you were to do the project again, what changes would you make? (Limited to ½ page max)

The project is ongoing and so we are always looking for areas to improve. In the future we would extend our publicity to more churches and continue to tell people about the work we do as we have found that many are not aware because they simply are not out and about at the times that we patrol.

Please include up to four photographs from your project that we can use, briefly describing the content of each photograph below.

1. The Street Pastor Team together at our Annual breakfast
2. Our Newest Trainees at Graduation
- 3.
- 4.

Community Centre hire £50 (3 hours) Community Centre Hall Hire at £20 per hour x10 = £200 Printing Paper & Stationary £20						

In what way(s) was your project successful? (Limited to ½ page max) The Grove Community has been able to set up and establish pop up events on the Gurnell Grove council estate once a month with the aim of building community, building relationships, having meaningful conversations and
--

being a blessing to the community. We've seen many people from all different types of ethnic, religious and cultural backgrounds attend, as well as people aged between 0-90 attend. As a result of the pop up events and informal relationships that have been built, plus the door to door surveys the team has been doing, the Grove Community (as of May) has just started to formally gather on Sundays in the Community Centre to form an expression of church which allows the people on the estate to engage and worship God.

Please give a story that illustrates how your project fulfilled the criteria of the Mission Fund. (Limited to ½ page max)

A couple of highlights have been when we hosted a pancake party which saw over 50 adults and 25 young people attend, many of the people groups from the estate were represented as well as the different ages groups too. During the event the team had a large "community chalk Board" up and asked people from the community to write down or draw what type of community they want the estate to be and what sort of things they would like to see happen, by the end of the evening the entire board was filled up with ideas.

What challenges did the project face? (Limited to ½ page max)

Meeting people in the winter and finding ways and opportunities to gather them (not including Christmas)
finding the right time to meet and gather with people
finding the right approach to pray and read the bible with people

If you were to do the project again, what changes would you make? (Limited to ½ page max)

Start Surveying (Door to door) as soon as possible to find out the needs of the community and to start building relationships.

Please include up to four photographs from your project that we can use, briefly describing the content of each photograph below.

1. Pictures from Pancake Party
2. Pictures From the Easter Egg Party
3. Picture of the Community Chalk Board from the pancake Party
4. Picture of the Community Planting day

Ealing Deanery Mission Fund Evaluation Form

To be completed a.s.a.p and at the latest by
the 30th April in the year following the grant

Parish(es) name	St Mary w St Richard, Northolt
Project name	Messy Church lite
Project contact name	Jacque Shalloe (form filled in by Rev'd Chris Hill as Jacque is now an ordinand and has a different focus to her ministry)
Project contact address	c/o The Rectory, Ealing Road, Northolt UB5 6AA
Project contact telephone	c/o 020 8841 5691
Project contact email	stmarys@northolt.org
Project website (if applicable)	www.northolt.org
Amount of grant awarded £	1000
How many people benefitted in the following age groups? 0-18 : 14 66+ : 15	19-65 : 15
<p>Who were the people who benefitted e.g. ethnicity, socio-economic background? The beneficiaries of this project are the children, parents and carers who attend. We live in a multicultural community and those who attend reflect this in their diversity. The project is held at St Richard's which is on the Racecourse Estate in Northolt, and some of the families who attend live on the estate. We are aiming to attract more families from this estate.</p>	
<p>How was the money spent? Please provide a numbered list of all expenditure on any single items over £25 (please retain receipts and number them to match your list).</p> <p>-Toys- Plastic slide, small trampoline, tunnel, ball pool and balls, ride on cars, happy land toys, happy land table, cars and car track, percussion instruments, -'Brunch'- bacon, vegetarian sausages, rolls, sauces, coffee and tea, juices. -Craft materials, paints, straws, paper, pumpkins, paper plates</p>	

In what way(s) was your project successful? (Limited to ½ page max)

'Brunch Church' has been successful in the following ways:

-Building Community: This project was initially started in response to the growing number of families with young children attending St Mary's and St Richard's. Although this number was growing, they did not know each other very well. The short time after church was often spent chasing children around and having fragmented conversations with each other, if any at all. Since Brunch Church has begun, parents and carers from our churches have got to know each other much better, and during Brunch Church, been able to have meaningful conversations with each other whilst the children are playing with all the toys available. This has strengthened the community of the church as a whole, as there is now a core group who know and support each other. In addition to this, the regular parents and carers have taken ownership of it and come early to help set up and stay to pack away afterwards.

-Including Baptism Families: At St Mary's we often have families come wishing to have their children baptised, however they do not always continue coming afterwards. Although they do not always continue coming to church on a Sunday, we have been able to keep contact with some of these families through them attending Brunch Church.

-Reaching those in the local community: Now the project is well established, those who attend feel confident to invite their friends to it and we are advertising it in the local community. We are excited about being able to invite those who do not normally attend church, into a caring community.

Please give a story that illustrates how your project fulfilled the criteria of the Mission Fund. (Limited to ½ page max)

Criteria fulfilled:

-Evangelism

-Publicity

-Children and Youth Work

About a year ago a couple came to baptise their twin boys at St Mary's. They came regularly for a while but due to the Father working nights, the Mother came with them on her own to the service. She found it very difficult to manage them on her own and even with other members of the congregation supporting her, she found it too difficult to come regularly. We no longer see this family on a Sunday, however we do see them at Brunch Church where they are regulars. Without Brunch Church, we would have probably lost contact with this family. They enjoy this time as the boys are able to run around the spacious hall and play with the other children, and the parents can relax and get to know other parents.

What challenges did the project face? (Limited to ½ page max)

At the beginning, we were suffering with very little help due to tired past volunteers who could no longer commit. One of these volunteers was Jacque who ran messy church but in starting St Mellitus College for Ordination Training realised that she couldn't commit any more to this ministry and had to stop. As explained more below (in 'any other comments') this meant an end to messy church as we knew it.

This made it hard to begin with, and has added to the slow start it needed to have.

As this new expression of church has grown however, people who have begun attending have taken ownership of it, coming early to set up, or staying later to clear away- this in itself has contributed to the community feel in a wonderful way.

If you were to do the project again, what changes would you make? (Limited to ½ page max)

We will be continuing this project as we have been pleased with how it has worked. If we were to restart there would be changes in set up, as we have worked out best ways to get things arranged for the children and parents.

Other than this it has been a great example of each month things improving and working better due to peoples ideas and help.

Please include up to four photographs from your project that we can use, briefly describing the content of each photograph below.

1. Singing time- towards the end we clear the toys away and sing some children's worship songs with percussion instruments accompanied by a guitar.
2. The children are able to play with the toys in the spacious hall while the adults chat and get to know each other more
3. Each time we do a craft. This was near Halloween when we joined in with the 'Carve a Heart' initiative. We also encouraged the children to dress up as superhero's to remember the hero's who have gone before us

Any other comments? (Limited to ½ page max)

Initially this application was to support the ongoing running of Messy Church. Unfortunately Messy Church in the way it was had become unsustainable for us as a parish. We are a small church and had run out of volunteer power. We wanted to continue our presence on the estate whilst responding to where we felt God was leading us. This was in the area of younger pre school children.

This shift in our focus for messy church lite (or Brunch church as it has affectionally become known) has been different to messy church, much more organic in the way it is run and a lot less reliant on a string volunteer base has taken off, and we believe will continue to make a huge difference to how we are as a parish. The end of this funding is not the end of the project, it will continue and get bigger and better we hope!

Ealing Deanery Mission Fund Evaluation Form

To be completed a.s.a.p and at the latest by the 30th April in the year following the grant

Parish(es) name	St Dunstan with St Thomas, East Acton
Project name	Transforming Lives for Good (TLG)
Project contact name	Rev Jon Westall
Project contact address	54 Perryn Road, London W3 7NA
Project contact telephone	020 8743 4117
Project contact email	vicarstdunstan@gmail.com
Project website (if applicable)	www.tlg.org.uk

Amount of grant awarded £ 1,500
How many people benefitted in the following age groups? 0-18 3 19-65 5 66+
Who were the people who benefitted e.g. ethnicity, socio-economic background? 3 children aged 8-10 and their parents. British/Irish/Somali low income, 2 parents disabled
How was the money spent? Please provide a numbered list of all expenditure on any single items over £25 (please retain receipts and number them to match your list). £1500 was the cost of establishing our church as an "Early Intervention Centre" under the TLG scheme. This covers training, support and materials.
In what way(s) was your project successful? (Limited to ½ page max) We were able to train 10 church members with TLG as Early Intervention coaches, 9 of whom passed successfully. The training took place in July 2016, and we then set about trying to link up with local primary schools to get coaches into place. This took a lot of negotiation, prayer and effort, as schools are very busy and always have other urgent priorities. East Acton Primary responded positively, but the organisation required to get mentors matched with children, and find space for them to meet took a considerable time. We eventually began coaching there with 3 pupils in November 2016, and those 3 are continuing (the recommended contact time is 1 year). We have now seen how the hour a week (40 minutes working on a project, and 20 minutes discussing emotions, behaviour etc) with these children is building relationships which help them to cope with the world. The trained coaches have met up regularly to discuss the progress of those who are currently working with children. We are in regular contact with the organisation of TLG, who provide ongoing support.
Please give a story that illustrates how your project fulfilled the criteria of the Mission Fund. (Limited to ½ page max) One of the children we are currently coaching acts as a carer for his disabled mother. Our coach has visited the house, and is in ongoing discussion with the schoolteachers about the family's welfare. Another of the children comes from a family with a housebound father, who struggle with finances. This boy has been invited to a church boys' games club to give him opportunities for wider social contact - which he has yet to attend, but we hope and pray! These will be part of the end-of-year discussions between the school, our coaches, and the TLG support worker, bolstering links between the church and the community.

What challenges did the project face? (Limited to ½ page max)

The biggest challenge has been getting engagement from our local schools. We still have 5 coaches who have been trained but not deployed (1 withdrew through ill health). We have contacted 2 other schools repeatedly, but despite apparent interest it has not yet been possible to get anything started. However, the record of coaching carried out with the 3 pupils we have should help prove the effectiveness of the project to other schools in the coming year. We will be able to take on three new pupils at the current school - probably with different coaches - when our existing year-long relationships finish.

If you were to do the project again, what changes would you make? (Limited to ½ page max)

Please include up to four photographs from your project that we can use, briefly describing the content of each photograph below.

1. A logbook from one of the coaching sessions showing: photos taken in a discussion about a fellow-pupil calling him "ugly", and a project growing venus fly traps from seed.
2. Using a child's hand-print to discuss the people who are important to the him
3. One of the projects - making and comparing the flight characteristics of different shapes of paper planes
4. A table at the TLG conference in Bradford recently, sharing ideas for opportunities to make contact with pupils' families.

Any other comments? (Limited to ½ page max)

The support from the TLG organisation has been wonderful. The training and materials are very professional. We were a bit unsure about the suitability of one of the people we put forward for training; TLG picked up that they had issues and said they should not go forward as a coach. The TLG staff have been available to pray, talk and give advice whenever needed, and proactively support by arranging to call regularly.
